together we can make the world a better place

ABOUT GIOGELO FOUNDATION

We carry out advocacy, train and offer support services in health, skill acquisition, and distribution of food, educational and other relief materials in impoverished villages for the well-being of humanity.

WHAT WE DO

We take responsibility to improve the life of the most impoverished children, youth, women, orphans, economically challenged through education and empowerment in form of skill acquisition, formal and informal education (through scholarship), social-services, medical care, shelter, entrepreneurship, sports, conferences and community building. We adjust our programs to ensure that we are fully addressing the needs of our target audience to enable them succeed and to meet the challenges posed in the global economic, social and political environment. This is aimed at alleviating poverty, eradicating crime, economic stability and industrializing the nation.

INTRODUCTION

GIOGELO Foundation (GGF) is a non-profit, non-governmental organization based in Abuja Nigeria. We believe in investing in the economic and social prosperity of the most impoverished. A generation that is free of violation of the right to education, A world where there's no working and street children. We are committed to freeing humanity from poverty through education as our key.....

.....focus area, with skill acquisition, entrepreneurship and effective programs. We do this to reduce societal menace, working and street children, eradicate illiteracy, hopelessness and dependence, ill-fated activities and other social, economic and political mishap resulting from illiteracy. Our goal is to educate and empower them so as to pursue a life of limitless potential, and relevance anywhere they find themselves. And also to be able to participate in the economy.

OUR GOALS

There is a need for imparting value in the lives of children in impoverished communities. Education is the mirror of society and the seed of socioeconomic development. Education is the most powerful tool to eradicate poverty, ensuring peace and stability, and advancing a people to enable them pursue a life of limitless potential and relevance and to participate in the economy. Education is important to children because education helps children learn how to think critically, it enhances their creativity and imagination, it will expose them to new ideas, and it helps the child find the path to a career that they wish to pursue as an adult. It is common knowledge that a majority of the population live in rural areas in developing countries. Rural neglect brings negative consequences, such as unemployment, crime, prostitution, working and street children, insecurity, money laundering, bribery, poverty, disease spread. we will educate these children to reduce societal menace.

Vision

To create a better future and more sustainable world for humanity.

Mission

To educate the most impoverished children and empower the economically challenged to improve the world.

Meet the Team

Team **GIOGELO**

Wilfred Odianosen E.

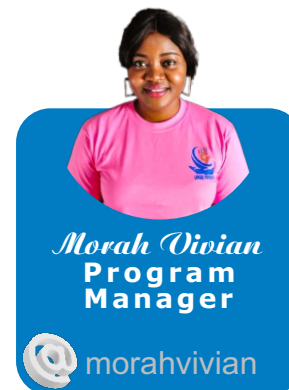

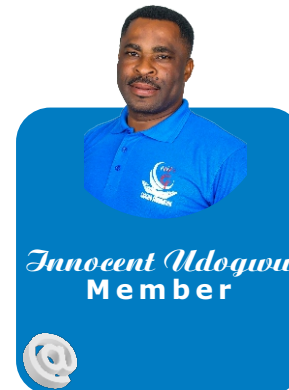

Chairman

Founder and Chairperson of GioGelo Foundation, a Nigerian non-profit based organization. He is a successful young Businessman & Entrepreneur. He started his journey from his teenage days to serve the most impoverished, this inspiration has continuously been deep-rooted in his future aspirations to serve humanity and has become an undying passion that has led him to start [GioGelo Foundation](#).

With a Masters degree in Business administration from a reputable University in Switzerland Geneva, a philanthropist, dedicated and down to earth. He started the Merit Awards for the school and college toppers, GioGelo scholarship program for basic school education which is our key area of focus, empowering the economically challenged in the society. Being a youngster he also worked and made strategies to keep the youth on the Right Path. these youths are the future of our country hence the need to motivate them to build their skills for the development of the country. He started this foundation for various purposes,

to give indigent children in rural and indigenous population and most especially children in conflict affected communities access to basic education and impact values that will equip the students with skills, knowledge and attitude to meet the challenges posed in the global economic, socio-political and natural environment to avoid societal peril, hopelessness of the child thereby resulting to crime, working and street children. this mission can be achieved with the help of team work and inculcating moral values.
